If you wish to also have authority for the lodgement of dealings, amalgamations, withdrawal or surrenders you must attach a letter of authority that clearly identifies all matters that you will have responsibility for. 3) Any changes to the authorisation must be made in writing, signed by the title holder and lodged with the department. 			

Technical Work Program –Renewal

Mineral Titles Act 2010 – Sections 13, 36

Approved Form 37e

Section 1: Proposed Technical Work Program for Year One of Renewal

Provide a response and information that address each of the following in **attachments**, clearly identifying the section(s) of this form that the attachment relates to.

Details explaining:

- Details of the ore body or anomalous zone of possible economic potential, including any technical particulars of any model or calculation of the mineral resource.
- Maps, cross-sections and diagrams showing (if changed from last lodgement):
 - The resource areas in the title area and their resource classification; and
 - The ore-reserve areas of the renewal title area and their ore-reserve classification (if applicable)
- Details of any mining feasibility studies undertaken in the title area
- Brief summary of proposed program of works for the life of the title
- A rationale explaining why mining minerals in the title area is not currently commercially viable or what further exploration work is required to assess the commercial viability of mining minerals in the proposed title area.

Section 2: Proposed Technical Work Program Activity Details for Year One of Renewal

Proposed Activity	Details of work to be undertaken		\$AUD Proposed
A. Geological Activities and Prospecting			
B. Geochemical Activities			
C. Geophysical and Remote Sensing Activities

Section 3: Financial and Technical Capacity

Financial Capacity

Provide suitable evidence via **attachments** to demonstrate financial capacity of the applicant to comply with the obligations under the mineral title. This evidence **may** include but is not limited to:

- most recent audited financial report to the Australian Stock Exchange or if not a publicly listed company, most recent audited annual accounts
- cash resources (attach copy of bank statement)
- value of Government/semi-Government bonds (attach copy of bond)
- line of credit from recognised financial institution (attach statement)
- future fund raising (attach prospectus)
- verification of available funds by a private accountant. Such verification should include a statement that the accountant is aware of the proposed amount of expenditure, and be no more than three months old at the time of giving the information

Technical Capacity

Provide suitable evidence via **attachments** to demonstrate that the mineral title will be under the control of a technically competent person. This evidence **may** include but is not limited to:

- a list of names of all persons (including consultants) providing technical advice
- qualifications and details of the field of expertise of these persons.
- the applicant's latest annual ASX report, where it contains information in relation to the technical capacity of the applicant

Privacy Statement

The Department of Mining and Energy (the Department) is seeking information from you for the purposes of assessing your application under s79 of the Mineral Titles Act 2010 (the Act). This information will be kept confidential except as required by law.

The Department is required to keep a register of mineral titles under s121 of the Act. The information contained in this register includes the details of all applications for mineral titles, including the name of the grantee, the term of the mineral title and a description of the land the subject of the mineral title. Any person may obtain copies of this information under s121 and s128 of the Act, on payment of the prescribed fee.

Section 121 of the Act also provides for the Minister to publish information from this register on the Department's website, if it is considered appropriate to do so.
