

# Amend a waste discharge licence

## Section 93 of the Water Act 1992

WDL Form 93

An application to amend a waste discharge licence in accordance with section 93 of the *Water Act 1992* should be lodged at least 60 business days prior to the expiry of the Licence. Applicants are advised that where an application is received within 60 business days of the expiry of a waste discharge licence it is unlikely that the application will be processed prior to expiry of the waste discharge licence.

For guidance on completing this form read to the Guidelines on Waste Discharge Licensing<sup>1</sup> under the *Water Act 1992*.

**The application will not be considered a compliant application (and will not be assessed) unless all the information required by this form is provided.**

Fields marked with an asterisk (\*) are required.

Fields marked with a caret (^) are for office use only.

### Applicant details – licence holder \*

Licence number			
Licensee			
Trading name (if applicable)			
ABN		ACN	
Registered business address			
Postal address			

### Contact details – for all correspondence about this licence application \*

First name		Last name	
Position title		Business hours phone	
Mobile		Email	

### Emergency contact \*

Provide contact details for someone who can respond to an incident relating to the licensed activity 24 hours a day

First name		Last name

#### Factors to be considered under section 90 of the *Water Act 1992* \*

Address each factor listed below. For information on how to address these factors read the Guidelines on Waste Discharge Licensing<sup>3</sup> under the *Water Act 1992*.

If a factor is not relevant to the application, indicate with reasons.

a) the availability of water in the area in question	
b) any water allocation plan applying to the area in question	
c) the existing and likely future demand for water for domestic purposes in the area in question	

<sup>3</sup> [https://nt.gov.au/\\_data/assets/pdf\\_file/0016/1131073/waste-discharge-licensing-guidelines.pdf](https://nt.gov.au/_data/assets/pdf_file/0016/1131073/waste-discharge-licensing-guidelines.pdf)

d) any potential adverse effects likely to be created as a result of activities under the permit, licence or consent on the supply of water to which any person other than the applicant is entitled under the <i>Water Act 1992</i>	
e) the quantity or quality of water to which the applicant is or may be entitled from other sources	
f) the designated beneficial uses of the water and the quality criteria pertaining to the beneficial uses	
g) the provisions of any agreement made by or on behalf of the Northern Territory with a State of the Commonwealth concerning the sharing of water	
h) existing or proposed facilities on, or in the area of, the land in question for the retention, recovery or release of drainage water, whether surface or sub-surface drainage water	
i) the adverse effects, if any, likely to be created by such drainage water resulting from activities under the licence on the quality of any other water or on the use or potential use of any other land	
j) the provisions under the <i>Planning Act 1999</i> relating to the development or use of land in the area in question	
Attach a copy of any Development Consent permit issued in relation to activities described in this application	Y / N
k) other factors the Water Controller considers should be taken into account or that the controller is required to take into account under any other law in force in the Northern Territory	
<b>Privacy</b> <p>The details you provide are published on the Northern Territory Environment Protection Authority website.</p> <p>If you have any questions about how your personal information will be handled or would like to gain access to your personal information, you can contact Environment Division within the Department of Environment, Parks and Water Security.</p> <p>For more information, read our privacy policy<sup>4</sup>.</p>
