Reasons for Decision

NORTHERN TERRITORY PLANNING SCHEME
AMENDMENT No. 255

Amendment No. 255 corrects an error contained within sub-clause 5(c) of clause 13.5. Specifically, sub-clause 5(c) incorrectly refers to section 5.5.5 of the Australian Communications Industry Code for Mobile Phone Base Station Deployment (C564:2011). Instead, sub-clause 5(c) should refer to sections 6.2 through to 6.7 of the Industry Code.

I have decided to approve this amendment without public exhibition as the above correction does not change the intent of sub-clause 5(c). Sub-clause 5(c) will continue to require an applicant to demonstrate that they have implemented a community consultation plan consistent with the process outlined by the Australian Communications Industry Code for Mobile Phone Base Station Deployment (C564:2011).
