

Mary Walker BA Hons LLB (Sydney University)

I have been at the forefront of Alternative Dispute Resolution in Australia for the last 30 years. ADDITIONAL INFORMATION

BACKGROUND

I was called to the New South Wales Bar in May 1988 and in the Australian Capital Territory in 1991. I read on 5 Wentworth Chambers with Peter Johnson SC (now a Justice of the Supreme Court of NSW) and with Jeffrey Hilton SC (retired) previously of 9 Selborne Chambers. Prior to being called to the Bar, I was admitted as a solicitor in 1986 after completing a BA Hons LLB at the University of Sydney and received the J.H. McClemens Memorial Prize No.1 for Criminology. As a solicitor I was employed by Henry Davis York (now Norton Rose Fulbright) in their general litigation department (supervising partner Mr Thomas Goudkamp OAM now Managing Director of Stacks Goudkamp) and later in their commercial department, which included corporations law, mergers and acquisitions, telecommunications, small business, wills and probate, real and intellectual property including trade marks (supervising partner Mr Peter Scammell, deceased). Thereafter, I became an associate to Judge Moss QC in the District Court of NSW to broaden my experience predominantly in the criminal jurisdiction and later transferred with then The Hon Justice Moss QC (retired) as his associate when he was appointed to the Family Court of Australia. This range of experience has assisted in me to mediate in a broad range of matters.

INQUIRIES IN THE ADR SPHERE

I was appointed by the NSW Minister for National Parks and Wildlife and the NSW Minister for Mineral Resources to inquire into, and prepare a report in respect to, the designation of an Aboriginal heritage site in NSW known as the Pinnacles in the vicinity of Broken Hill, (Re Declaration of the Pinnacles and Surrounding Area as an Aboriginal Place pursuant to the National Parks and Wildlife Act 1974 (NSW), and Issues Relating to the Future Management and Use of the Pinnacles including a review of and consultation relating to the Findings and Recommendations made by Dr Warrell (The "Warrell Report" 1996)), requiring the hearing of evidence, receiving submissions, dealing with the interests of mining companies, exploration companies, groups of aboriginal peoples and community interests. This inquiry was held soon after the same process adopted for the Hindmarsh Island Bridge Inquiry with many of the same parties and in which Justice Matthews held the same role as inquirer. However, during this process I was able to design a process which became a multi-party mediation process which was successful in resolving all issues/disputes the subject of the inquiry.

I was appointed by the Federal Government to head an Inquiry into the Designation of Aboriginal Sites in the Western Australian Nickel and Goldfields for the Federal Minister for the Environment and Heritage pursuant to section 10 (1)(c) of the Aboriginal and Torres Strait Islander Heritage Protection Act 1984. This appointment required hearing evidence and dealing with the interests of four aboriginal peoples, a large number of mining and exploration companies, the Western Australian Government and other interested parties and preparing a report. The resources and royalties, the subject of the report, were valued in the billions of dollars and were of significant public interest. Tim Chadwick of the ACT (now retired) was counsel assisting me in the inquiry.

On 21 March 2019, I appeared on behalf of the Law Council of Australia before the Senate Legal Constitutional Affairs Reference Committee on the Resolution of Disputes with Financial Service Providers within the Justice System, arising from the Royal Commission into Misconduct in the Banking, Superannuation and Financial Services Industry (Hansard;

EXAMPLES OF MULTI-PARTY MEDIATIONS, FACILITATIONS AND GENERALLY

Some Examples of Community and Multi-party Mediations and Facilitations and the Design of Dispute Resolution Systems within the 4000 matters mediated include:

Mediation between Caltex/Ampol Australia Pty Ltd and residents of South West Rocks in respect to ground water contamination, property damage, soil and environmental degradation.

Mediation of approximately 280 matters in a fast-track mediation process in the insurance industry over an 18 month period.

Mediation among community members, banana growers, aerial sprayers, industry groups, environmental groups and Government departments in respect to aerial spraying, pesticide management and organic farming in Northern NSW - 52 parties attended.

Facilitating a community consultation process between the Australian Nuclear Science and Technology Organisation (and Ansto, Lucas Heights) and its host community to achieve better communication and the development of a Community *Right to Know Charter*.

Mediation between Southern Copper Limited and residents of Port Kembla in respect to property damage resulting from pollution. From January – November 1994, 300 matters were settled by the new procedure with only one being dealt with by an internal review committee, no claims were commenced in the court system. The design of the new system was developed over 4 mediated meetings in 1993 with the facilitation of issues between Southern Copper Ltd. (Port Kembla Smelter) and its host community.

I have also mediated matters relating to Crown Lands in pastoral areas, road development and property boundary lines as well as land mine subsidence and degradation cases.

I have a great deal of experience in community matters including matters relating to discrimination and also disputes within sporting and religious communities and also with government authorities.

I have mediated many institutional abuse cases such as a multi-party mediation of stolen generation abuse cases before the Supreme Court of NSW which involved complex cultural and racial differences and issues of law and public interest. Prior to the Royal Commission into Institutional Responses to Child Sexual Abuse, fifteen plaintiffs commenced proceedings against the State of NSW in relation to alleged physical, mental, emotional and sexual assault taking place at a children's home over a period from 1970-1988. These matters involved individuals of First Nations heritage who were taken away from their families (the "stolen generation") and placed in foster care when the alleged abuse took place. The issue of liability was complex and sensitive cultural issues needed to be acknowledged and managed.

I have mediated many mediations with first nations people including, false imprisonment and trespass to person, negligence/tort and professional negligence claims, administrative issues with an urban Aboriginal Land Council are some examples.

From 1990 until the present day, I regularly mediated and facilitated disputes in all jurisdictions and many prior to court proceedings being initiated. I have mediated over 4,000 matters including complex, multi-party mediations.

For example, during the 18 months from 1 January 2019 to 31 July 2020, I was briefed to mediate 80 Superior Court matters or matters where Court proceedings have not yet been initiated however if they were, these cases would likely be initiated in a Superior Court. During this period, I have been briefed to mediate a total of 118 matters. During the 18 months from 1 January 2018 to 31 July 2019, I was briefed to mediate 69 Superior Court matters or matters where Court proceedings have not yet been initiated however if they were, these cases would likely be initiated in a Superior Court. I have been briefed to mediate a total of 125. From 1 January 2017 to 31 July 2018, I was briefed to mediate 72 Superior Court cases which include Supreme Court and Court of Appeal matters or matters where Court proceedings have not yet been initiated however if they were, these cases would likely be

initiated in a Superior Court of which 60 matters have been completed. I was briefed to mediate a total of 115. I have also arbitrated and facilitated expert conclaves. From 1 January 2016 to 31 July 2017, I mediated 96 Superior Court matters which include Supreme Court and Court of Appeal matters or matters where Court proceedings have not yet been initiated however if they were, these cases would likely be initiated in a Superior Court. In the previous 18 months, from 1 January 2015 to 31 July 2016, I was briefed to mediate 92 Superior Court matters. During the 18 month period before that from 1 January 2014 to 31 July 2015, I was briefed to mediate 101 Superior Court cases which included Supreme Court, Federal Court or matters remitted from the High Court or matters where Court proceedings had not yet been initiated however if they were, these cases would likely be initiated in a Superior Court. During the period from 1 January 2013 to 31 July 2014, I was briefed to mediate 99 Superior Court cases. During the period from 1 January 2012 to 31 July 2013, I conducted 92 mediations of Superior Court cases (not including those which were mediated pre-filing) and during the period from 1 January 2011 to 31 July 2012, I conducted 90 mediations which were matters before the Supreme Court including matters before or remitted by the Court of Appeal (not including those which were mediated pre-filing). I commenced formally mediating in September 1990 in the Supreme Court of NSW First Settlement Week and I have general records for my mediation experience for the period from 1990 – 2011. These matters included, commercial, mining, environmental, small business, retail and commercial leases, franchising, property, will and probate, family provisions, building and construction, infrastructure contracts, professional negligence, personal injuries, trade practices, industrial, employment, discrimination, banking, contract, defamation, discrimination, local government, farm debt, partnership, insurance, tort, tax, workers compensation, aeronautical, marine insurance, shipping and other matters. These examples also include fast-track mediation processes.

I was appointed to the Mediation panel of the Supreme Court of the Australian Capital Territory by Chief Justice Helen Murrell of the Supreme Court of The Australian Capital Territory https://www.courts.act.gov.au/supreme/o/services/list_of_mediators, in 2015, - 2020 to sit in the Supreme Court of the Australian Capital Territory to mediate lists of Supreme Court matters. The range of cases include, commercial matters, wills and probate, estate matters, administrative law matters, personal injuries, commercial and retail leases, defamation – essentially any matter which is filed in the ACT Supreme Court civil jurisdiction.

I also have experience in negotiation, representing clients in Alternative Dispute Resolution processes, designing Alternative Dispute Resolution systems, design and implementation of Dispute Resolution systems, communication systems and multi-issue facilitation and public meetings. I have a great deal of experience in community matters and local government matters including development applications, facilitating communities and implementation of waste guidelines, matters relating to discrimination and also disputes within sporting and religious communities and also with government authorities.

As part of my practice at the Bar, I was appointed as a Mortgage Industry Ombudsman and later as a Mortgage and Credit Industry Ombudsman from 2001 to 2005 which involved resolving disputes between lenders and borrowers. The Mortgage Industry Ombudsman Scheme (“MIOS”) was established by the Mortgage Industry Association of Australia (“MIAA”) pursuant to the MIAA Code of Practice as an independent industry supervisory scheme providing to Customers an alternative to other legal proceedings to resolve disputes free of charge to Customers. The MIOS facilitated dispute resolution between Members and Customers and between Members. As Ombudsman, I was required to facilitate the satisfaction, settlement or withdrawal of disputes whether by agreement, by making recommendations or awards or by any other appropriate means against the criteria of law, best industry practice as specified in the Code of Practice and fairness in all the circumstances. Similar terms were implemented for the Mortgage and Credit Industry Scheme.

Also, as part of my practice at the Bar, I was appointed as an Acting Deputy President of the Workers Compensation Commission of New South Wales 2005-2006 and an Arbitrator sitting on Medical Appeal Panels for the Workers Compensation Commission 2003-2005. These decisions are part of the public record. The Hon Terrence Sheahan was President of the Workers Compensation Commission at that time (now retired). I assisted the Commission in the establishment of the accreditation of mediators and I was also appointed as a mediator for the Workers Compensation Commission from 2002-2006. I also designed the accreditation system for conciliators pursuant to the Health Care Complaints Act, 1993 (N.S.W) for the Health Conciliation Commission and reviewed and updated the process on several occasions.

HIGH COURT CASES

I have appeared in the following High Court cases which have had an impact on the development of legal principle: *Street v Queensland Bar Association* (1989) 168 CLR 461; *Brodie v Singleton Shire Council*; *Ghantous v Hawkesbury City Council* [2001] HCA 29 and *Campbells Cash & Carry Pty Limited v Fostif Pty Limited*; *Mobile Oil Australia Pty Ltd v Trendlen Pty Ltd* [2006] HCA 41. I have also appeared in special leave applications.

OTHER CASES

I have been briefed to appear in ICAC Inquiries including the *Investigation into Tweed Shire Council – North Coast Land Development* and appeared in the *ICAC Investigation into Waverley Council and the State Agencies* and in the *ICAC Roads and Traffic Investigation into Driver Licensing*. I have been briefed in hundreds of hearings including appeals, matters at first instance and arbitrations over 30 years as a barrister in common law, professional negligence, banking, insurance, coronial inquiries, crime, commercial, equity, building and construction, family provision, class actions and in the Land & Environment Court and Licensing Court matters amongst others.

CASES INVOLVING ADR

SYSTEMS DESIGN AND CLAIMS RESOLUTION PROCESSES

I design ADR systems and claims resolution schemes for example, I advised in respect to the development of the claims resolution process adopted in the class action of *Wingecarribee Shire Council, City of Swan Council, Parkes Shire Council v Lehman Brothers Australia Limited (In liquidation)* [2012] FCA 1028 and on behalf of the applicants and advised the British Government in *British Coal Respiratory Disease Litigation Claimants Resident in Australia and New Zealand*, a case involving tort and jurisdictional issues arising from claimants having worked in Coal Mines in the United Kingdom and later residing in Australia. I worked with the Chief Justice of the Land & Environment Court in respect to the design of concilio-adjudications and trained the Commissioners of the Court in the process. Details of these matters are noted below.

I have been briefed to advise or appear in class actions, for example: *Wingecarribee Shire Council, City of Swan Council, Parkes Shire Council v Lehman Brothers Australia Limited (In liquidation)*, Federal Court briefed to advise on the formulation of a Claims Resolution Scheme (CRP) for the class action by members in the representative action in the Federal Court before Rares FCJ arising from a judgment in the proceedings made on 21 September 2012. The CRP was established by order of the Court as part of a settlement of the proceedings pursuant to s33V of the Federal Court of Australia ACT 1976 or in the Liquidation as part of a Scheme of Arrangement or pursuant to a Deed of Company Arrangement. The Claim value in this matter was approximately \$220m, briefed by Piper Alderman. The representative proceeding (class action) under Part IVA of the Federal Court of Australia Act, 1976 (Cth) involved three applicants, Wingecarribee Shire Council, Parkes Shire Council and the City of Swan (Councils) seeking damages against the Respondent, Lehman Bros Australia Ltd (in Liq) (previously Grange Securities Limited). The three Councils claimed that they suffered losses arising out of their acquisition of synthetic collateralized debt obligations and other complex financial products (SCDO's). The design of the CRP required an understanding of the complex issues raised in these proceedings, the findings in the determination by Rares FCJ and the parameters available under the provisions of the Federal Court of Australia Act, 1976 (Cth) to develop an appropriate ADR process for the determination of the outstanding matters.

I was briefed by the United Kingdom Department of Trade and Industry (*British Coal Respiratory Disease Litigation Claimants Resident in Australia and New Zealand*) to advise on tort and jurisdictional issues arising from claimants, former coal miners claiming damages for personal injury arising from exposure to coal dust, having worked in Coal Mines in the United Kingdom and later residing in Australia and to advise in respect of a design for an ADR/Claims Resolution Process, (ref: Sparke Helmore, Jesse Webb). The ADR process I designed dealt with 3000 matters. All claims were resolved in the claims resolution process adopted.

RELEVANT COURT BOOKS, GUIDELINES AND MEDIATION

I was an author of the Alternative Dispute Resolution Chapter including mediation (Chapter 6) of the Law Council of Australia's Federal Court Case Management Handbook <https://www.fedcourt.gov.au/law-and-practice/case-management-handbook>; https://www.lawcouncil.asn.au/docs/41c88504-b430-e711-80d2-05056be66b1/Case_Management_Handbook_Mar17-2.pdf.

Preston, Chief Judge of the Land and Environment Court, in respect to developing an Alternative Dispute Resolution process for the Court's Section 34 Conciliation Conferences (pursuant to section 34 of the Land and Environment Court Act 1979, NSW). The process is a hybrid process – a concilio-adjudication process. I also trained the Commissioners of the Land & Environment Court to conduct the process (see http://www.lec.justice.nsw.gov.au/Pages/resolving_disputes/conciliation.aspx).

I was briefed by the Office of the NSW Small Business Commissioner to facilitate the Retail Industry Working Group that advised on the Retail Leases Act Amendment Bill in 2017, (Candace Barron, 0413452328, retired Director of Dispute Resolution Unit, Office of the Small Business Commissioner).
