

Application for recovery of petroleum on appraisal basis

This is the approved form for the purposes of section 57AAA(3)(a) of the *Petroleum Act 1984*.

Use this form to apply for approval to recover petroleum on an appraisal basis under a petroleum exploration permit or retention licence.

Refer to the *Recovery of petroleum on an appraisal basis: Application guideline* published on the [NT Government Website](#) when completing this form.

Interest holder details			
Name:			
A.B.N. / A.C.N.:			
Petroleum interest reference: (EP or RL number)		Expiry Date:	
Business address:			
Postal address:			
Contact person:			
Telephone:		Email:	
Details of person in charge of activity			
Contact person:			
Business name:			
A.B.N. / A.C.N.:			
Business address:			
Postal address:			
Telephone:		Email:	
Required information checklist (provided as attachments to the application form)			
Evidence of petroleum discovery within the petroleum interest area including the most current analysis of the structure, extent and location of the resource and the estimated volumes of petroleum present that comply with the requirements of the <i>Petroleum Resources Management System</i>			<input type="checkbox"/>

The objective for the proposed extended well testing	<input type="checkbox"/>
A detailed proposal including: <ul style="list-style-type: none"> the proposed duration of the extended well testing and recovery on an appraisal basis with a timetable for carrying out and completing the activity (including the various stages of the activity) number and location of wells and petroleum pools each well will target; an assessment of current well barrier integrity status and whether it will be altered by the activity; a summary of previous periods of extended well testing for relevant wells the estimated likely volume of petroleum to be recovered during extended well testing the rate at which petroleum is proposed to be recovered and any impacts on the projected production profile 	<input type="checkbox"/>
Justification as to why production is not currently commercially viable	<input type="checkbox"/>
The proposal and plan for the appraisal production infrastructure to be constructed on the interest area, including a proposal for the petroleum infrastructure decommissioning security	<input type="checkbox"/>
Evidence of the approval, consent or agreement under the <i>Aboriginal Land Rights (Northern Territory) Act 1976</i> (Cth) or the <i>Native Title Act 1993</i> (Cth) in relation to the sale or other beneficial use of petroleum recovered on an appraisal basis	<input type="checkbox"/>
An estimate of the anticipated reduction in greenhouse gas emissions and outline of what greenhouse gas emissions are likely to be produced during the recovery of petroleum on an appraisal basis	<input type="checkbox"/>
The proposed destination and use of the petroleum including an outline of any agreement reached with a third party regarding the sale or gift of the petroleum	<input type="checkbox"/>
Confirmation that the application is consistent with the approved WOMP, EMP or Access Agreement (if relevant), and if not, what changes must be made including the approximate timeframe to revise	<input type="checkbox"/>
A list of any documents that have been prepared for the operation of the activity	<input type="checkbox"/>
Declaration	
I declare that the information contained in this application is true and correct to the best of my knowledge. I understand that providing misleading information, or making false representations are offences as per sections 107 and 108 of the <i>Petroleum Act 1984</i> .
