Give a short description:

Note:

1. Marine Orders part 29, Section 28.2 requires that advance notice be given to the Australian Search and Rescue (AusSAR) Centre for the intention to hold demonstrations of distress signals or devices that could be mistaken for distress signals (7 days in advance).
2. Persons proposing to discharge distress signals should also comply with any State or Territory requirements.
3. A copy of this advice will be forwarded to AusSAR, local police and relevant Marine, Aviation and Defence agencies after the Marine Safety Branch has granted approval.
