1 Interpretation

Unless the contrary intention is indicated these Conditions of Quoting are to be interpreted in the same manner and words have the same meaning as in the Contract.

If a date stipulated for doing an act in relation to the RFQ is not a business day (being any day which is not a Saturday, Sunday or a public holiday in the Northern Territory, as specified in Schedule 2 of the Public Holidays Act (NT)), the act must be done on the next business day.

In these Conditions of Quoting the following definitions apply:

'Addendum' means any document expressly stated to be an Addendum, which is issued by the Principal varying, updating or clarifying the RFQ prior to the stated closing time and date for closing of the RFQ.

'Annexure' means the document titled "Annexure to the Conditions of Quotation and Contract" and contained in this RFQ.

'Contract' means the document titled 'Conditions of Contract' and contained in this RFQ.

'RFQ' means the request for quotation inviting offers and includes all conditions, annexures, schedules, attachments and addenda.

'Supplies' means the works, goods and/or services required by the Principal and described in this RFQ.

'Quotation' means all documents lodged by the Respondent in response to the RFQ.

'Respondent' means the person lodging a Quotation.

2 Preparing a Quotation

2.1. General Requirements

Each Quotation is required to contain one copy of the documents listed in the section of the Annexure titled "Documents to be Lodged". Failure to provide all documents may result in the Quotation being declared inadmissible for assessment.

Quotations should contain:

- a) if the Respondent is an individual, their full name;
- b) if the Respondent is company or organisation, its company, business or trading name and unique business identifier required by law (eg ACN/ARBN/ABN);
- c) the address for service of any notices necessary or required to be or which may be served on or given to the Respondent in connection with its Quotation and any subsequent contract arising out of acceptance of the Quotation.

Each Quotation (excluding attachments or supplementary information provided by the Respondent) must be in English. A Quotation that does not comply with this requirement will be declared inadmissible for assessment.

2.2. Respondents to Inform Themselves

Respondents must, at their own expense, inform themselves of all circumstances and conditions relating to submitting a Quotation and providing the Supplies. This includes compliance with all legislation, an inspection of the relevant site(s) and satisfying themselves as to the correctness and sufficiency of the RFQ documentation.

2.3. Quotation Costs

The Respondent is responsible for all costs associated with preparing a Quotation.

The Principal will not be liable for any expense or loss, which may be incurred by any Respondent in the preparation or submission of its Quotation.

2.4. Compliance with NT Procurement Code

In preparing its Quotation, submitting its Quotation and throughout the quoting period the Respondent must comply with the Northern Territory Procurement Code ('Code').

A copy of the Code is available at: <https://nt.gov.au/industry/government/procurement-conditions-framework/procurement-code>

If the Principal is of the reasonable opinion that the Respondent has not complied with the Code, the Principal will declare the Quotation inadmissible for assessment.

2.5. Enquiries

Should the Respondent

- a) have any doubts as to the meaning of any part of the RFQ; or
- b) find any discrepancy, error or omission in the RFQ;

the Respondent should seek clarification from the Principal, as identified in the Annexure, as early as possible but in any event before the stated time and date for closing of the RFQ.

The Principal may decline to provide a clarification or further information requested by a Respondent.

Any clarification provided by the Principal may be provided to all prospective Respondents.

2.6. Probity Advisor

The Principal may appoint an independent probity advisor to advise on probity issues arising during the course of the RFQ process. The details of the probity advisor, if any, will be contained in the Annexure. Any issues about the integrity of the RFQ process should be addressed to the probity advisor.

2.7. Addendum

The Principal may vary, update or clarify the RFQ at any time before the stated time and date for closing of the RFQ through the issue of an Addendum.

No explanation or amendment to the RFQ will be binding unless in the form of an Addendum. Any Addendum issued under this clause will become part of this RFQ.

It is the sole responsibility of Respondents to ensure that their contact details held by Quotations and Tenders Online Service are correct and up-to-date in order for them to receive Addendum.

2.8. Best Offer

Notwithstanding anything which may be done pursuant to the assessment process, the Principal intends to select the successful Respondent primarily on the basis of the Quotations lodged but will also take into consideration any other information publicly available or known to the Principal. Accordingly, Respondents should provide their best offer in their Quotation.

3 Quotation Validity

Quotations must remain valid and open for acceptance by the Principal for the period stated in the Annexure.

If a Quotation is not formal in accordance with these Conditions of Quoting, the Quotation validity period will commence from the date on which the Quotation is formalised to the satisfaction of the Principal.

On expiry of the validity period:

- a) a Respondent may withdraw their Quotation by written notice to the Principal; or
- b) the Principal may, by close of business on the date for expiry, request and obtain an extension to the validity period.

4 Site Inspection

The Principal may provide Respondents with an opportunity to inspect a site or sites relevant to the provisions of the Supplies ('Site Inspection').

If a Site Inspection is arranged the details of the inspection, including location, time and date, are as stated in the Annexure.

A Respondent may authorise a third party to attend a Site Inspection as its representative. The authorised representative must notify the person conducting the Site Inspection on behalf of the Principal, which Respondent they represent.

If the Annexure specifies that attendance at a Site Inspection is required, then Respondents are required to attend at the time, date and location specified. Each Respondent or their representative must report to the person conducting the Site Inspection to record their attendance. Failure to attend and report to the Principal's representative may result in the Respondent's Quotation being declared inadmissible for assessment.

5 Industry Briefing

The Principal may provide Respondents with an opportunity to attend a briefing to discuss the Principal's requirements for the provisions of the Supplies ('Industry Briefing').

If an Industry Briefing is arranged the details of the briefing, including location, time and date, are as stated in the Annexure.

A Respondent may authorise a third party to attend an Industry Briefing as its representative. The authorised representative must notify the person conducting the Industry Briefing on behalf of the Principal, which Respondent they represent.

If the Annexure specifies that attendance at an Industry Briefing is required then Respondents are required to attend at the time, date and location specified. Each Respondent or their representative must report to the person conducting the Industry Briefing to record their attendance. Failure to attend and report to the Principal's representative may result in the Respondent's Quotation being declared inadmissible for assessment.

6 Industry Accreditation

Where specified in the Annexure, the Respondent is required, at the time and date for closing of the RFQ, to be accredited or recognised by Contractor Accreditation Limited ('CAL').

Accreditation must be to a rating that is equal to or higher than:

- a) For a single supply, the value of the Respondent's Quotation.
- b) For a period contract, the:
 - i. six (6) monthly value of the Respondent's Quotation; or
 - ii. if the Supplies are for a period of less than 6 months, total value of the Quotation,

in a CAL category and group described in the Annexure.

The Quotation should include the Respondent's CAL registration number.

If, at the time and date for closing of the RFQ, the Respondent requires an upgrade of the rating of its existing CAL accreditation, in a category and group specified, the Respondent has seven (7) calendar days from the stated time and date for closing of the RFQ to:

- a) obtain an upgrade of the rating of that existing CAL accreditation; and
- b) provide written evidence of the upgrade to the Principal's contact person identified in the Annexure.

Nothing in this clause allows a Respondent to obtain CAL accreditation in a new CAL category and group after the stated time and date for closing of the RFQ.

Any Quotation not complying with the requirements of this clause may be declared inadmissible for assessment.

The Respondent must ensure that each Sub-contractor engaged in the provision of Supplies equal to or greater than \$100,000 is accredited or recognised by CAL at the time and date of closing of the RFQ.

7 Alternative Quotations

Respondents may submit an alternative Quotation, which does not conform with the requirements of the RFQ ('Alternative Quotation), if permitted by the Annexure.

Where the Annexure requires that an Alternative Quotation is accompanied by a conforming Quotation, the Respondent is required to submit a conforming Quotation with the Alternative Quotation.

Alternative Quotations should be clearly identified as an "Alternative Quotation".

If Alternative Quotations are permitted by the Annexure, Respondents are encouraged to offer options or solutions, which may contribute to Principal's ability to carry out its business in a more cost-effective manner (for example in a novel or innovative way). These may be related to the outputs, functional, performance or technical aspects of the requirement.

The Principal may specify in the Annexure any exclusion or limitation on the provision of an alternative Quotation (for example specific items of the Supply may be excluded, or alternatives may be limited to specified items of the Supply).

The Respondent may include any supplementary material to demonstrate how an Alternative Quotation will fully achieve or exceed the Principal's requirements.

8 Part Offer and Part Acceptance

Unless otherwise stated in the Annexure, Respondents are required to offer for the whole of the Supplies.

If part offers are permitted by the Annexure, the Principal reserves the right to accept a portion or the whole of any Quotation at the price or prices submitted unless the Respondent specifically states to the contrary in its offer.

9 Pricing

9.1. General Requirements

Unless otherwise specified, prices must:

- a) be stated in Australian dollars;
- b) be inclusive of:
 - i. GST (where applicable);
 - ii. all costs required to provide the Supplies, including labour, materials, transport, freight, overheads, profits and charges; and
 - iii. all other fees, duties and taxes required to provide the Supplies.

Unless otherwise required, pricing must be submitted for each item in the Schedule and failure to price all items may result in the Quotation being declared inadmissible for assessment.

9.2. Estimated Quantities

Unless otherwise specified, any quantities given in the RFQ are not guarantees as to the amount of work to be provided to the successful Respondent, but will be used for assessment purposes only.

9.3. Treatment of Low or Aberrant Prices

Where a price (or a key element of a Quotation price) is considered well below or above the median price or the Principal's estimated value, the Respondent may be requested to confirm the quoted price or respond to questions regarding particular aspects of the Quotation. The Respondent may also be requested to provide written confirmation that the requirement and contractual obligations relevant to the Supplies are fully understood.

The Principal may, at its discretion, either:

- a) proceed with the evaluation of the Quotation; or
- b) where there is evidence that acceptance of the Quotation may result in an unacceptable contract outcome or pose a substantial risk to the provision of the Supplies or the sustainability of the Respondent, set the Quotation aside from further assessment.

9.4. Competitive Neutrality

Government owned businesses, Local, Territory, State and Federal Government agencies and authorities responding to this RFQ must submit two prices against each item in the pricing schedule. One price is to be the quoted price offered and the other being the adjusted competitively neutral price. The competitively neutral price is to be prepared in accordance with the "Northern Territory Government's Competitive Tendering Guidelines.

A copy of the Guidelines is available from:

<https://nt.gov.au/industry/government/procurement-conditions-framework/competitive-tendering-guidelines>

10 Conflict of Interest

For the purpose of this clause a "Conflict" means any matter, circumstance, interest, or activity affecting the Respondent (including the officers, employees, agents and subcontractors of the Respondent) which may or may appear to impair the ability of the Respondent to perform any contract resulting from this RFQ diligently and independently.

Respondents must declare any Conflict in their Quotation.

Respondents must not place themselves in a position that may, or does, give rise to a Conflict during the RFQ process.

If at any time during the RFQ process, a Respondent is aware that an actual, potential or perceived Conflict exists or may arise, that Respondent must immediately notify the Principal.

If a Conflict exists or arises during the RFQ, the Principal may:

- a) declare the Quotation inadmissible for assessment;
- b) enter into discussions to seek to resolve the Conflict; or
- c) take any other action it considers appropriate.

11 Panel Period Contract

Where specified in the Annexure, the Principal may establish a panel of suppliers for the provision of the Supplies. The resulting contracts will be for either:

- a) specific requirements at fixed unit rates; or
- b) for a general scope of requirements without any rates, and for which firm offers will be periodically sought from the suppliers.

For practical reasons the Principal reserves the right to fix the size of the panel to a limited number of suppliers who best meet the assessment criteria.

12 Common-Use Contract

Where specified in the Annexure, the Principal will establish a common-use contract for the provision of the Supplies.

If the RFQ is designated common-use, it is expected that all Northern Territory Government Agencies will utilise the resulting contract for the provision of the Supplies.

13 Local Content

The NT Government is committed to supporting businesses that use local contractors and suppliers and hire and train Territorians. Assessment will take into consideration businesses that demonstrate a commitment to supporting and employing Territorians including Indigenous Territorians, accredited training for its employees and sourcing goods and services from local businesses in the provision of the Supplies.

13.1. Apprentices and Trainees

Where the Respondent is lodging its Quotation via the Quotations and Tenders Online eLodgement Service, there is no requirement to complete the "signature" block on the Declaration by Respondent form.

15 Lodgement of Quotation

15.1. Lodgement

Unless otherwise directed by the Principal, Quotations must be lodged using one of the following methods:

- a) facsimile, directed to the facsimile number stated on the cover of the RFQ; or
- b) electronically, against the corresponding Quotation number using Quotations and Tenders Online eLodgement through the address stated on the cover of the RFQ or if the Principal has approached a specific Respondent(s) and provided access to the RFQ through a link or web address, electronically using the link or address provided.

Failure to comply with the above requirements will result in the Quotation being declared inadmissible for assessment.

If, for any reason, a part of a Quotation (excluding the pricing schedule(s)) becomes corrupt, illegible, inadequate or incomplete as a result of transmission or storage, the Principal may request an additional copy of the Quotation.

If, for any reason, the pricing schedule(s) contained in a Quotation become corrupt, illegible, inadequate or incomplete as a result of transmission or storage the Quotation may be declared inadmissible for assessment.

15.2. Inadmissibility

Unless otherwise specified, Quotations provided to the Principal using a method that is not specified in clause 15.1, including but not limited to orally or electronically will be declared inadmissible for assessment.

Quotations provided to the Principal by hand (including by a commercial courier service) may be declared inadmissible for assessment.

15.3. Closing Time and Date

The RFQ will close at the time and on the date stated on the front cover of the RFQ.

15.4. Late Quotations

Quotations are to be received, in full, by the time and date for closing of the RFQ.

Failure to lodge a Quotation, or part thereof, before the time and date for closing of the RFQ may result in the Quotation being declared inadmissible for assessment.

16 Admissibility

Unless otherwise specified, if a Respondent fails to comply with a requirement as set out in these Conditions of Quoting, their Quotation may be declared inadmissible for assessment.

In determining whether a Quotation is admissible for assessment the Principal will consider:

- a) whether admitting the Quotation will compromise the integrity of the quotation process;
- b) whether the Respondent has or is likely to gain an unfair advantage;
- c) reasons for the Respondent's failure to comply with a requirement;
- d) whether the Quotation is capable of assessment;
- e) whether the Quotation was mishandled by the Principal or a third party; and
- f) evidence of unfair practices.

17 Ownership of Documents

This RFQ is, and will remain, the property of the Principal. It may only be used for the purpose of preparing a Quotation.

All Quotations become the property of the Principal upon submission and will not be returned to Respondents.

By lodging a Quotation, a Respondent licenses the Principal to reproduce the whole or any portion of the Quotation for the purposes of the conduct of the RFQ, including assessment, clarifications, resultant contract negotiation, contract management, and anything else in relation to these purposes.

Nothing in this clause changes or affects the ownership of copyright or other intellectual property rights that may subsist in the Quotation.

18 Changes to the Conditions

18.1. Conditions of Quoting

Respondents are not permitted to request changes or propose alternatives to these Conditions of Quoting. Any Respondent who proposes a change will be requested to withdraw the change in order to comply with the Conditions of Quoting. If the changes are not withdrawn the Quotation will be declared inadmissible for assessment.

18.2. Conditions of Contract

If permitted in the Annexure, Respondents may request changes to the Conditions of Contract, or propose alternative conditions of contract.

Where Respondents request changes to the Conditions of Contract or propose alternative conditions of contract, they must clearly specify in the appropriate section of the Response Schedules the changes to the Conditions of Contract that are being requested or the alternative conditions of contract that are being proposed.

Where Respondents request changes to the Conditions of Contract or propose alternative conditions of contract, they do so at their own risk, as the changes will be deemed to have formed part of their offer and their Quotation will be assessed on that basis. If the requested changes or the alternative conditions of contract are not acceptable to the Principal, the Quotation may not be successful.

If the Annexure states that changes to the Conditions of Contract or alternative conditions of contract are not permitted, any Respondent requesting changes to the Conditions of Contract, or proposing alternative conditions may be requested to withdraw the changes in order to comply with the Conditions of Quoting. If the changes are not withdrawn the Quotation may be declared inadmissible for assessment.

Nothing in this clause affects the Principal's right to negotiate with one or more Respondents as provided for in this RFQ.
