Section 3 - Conditions of approval sought to be varied

Identify each condition of the current plan approval that the interest holder seeks to have varied. Reproduce the full current condition text in the left column and the proposed varied condition text in the right column. If more than one condition is to be varied, use a separate row for each. Add additional rows as needed. Provide the justification/reasons for the each of the condition variations.

Condition Number	Current condition full text (as set out in the approval notice)	Proposed Varied Condition Text	Reasons
Guidance: Condition numbers should correspond to the condition numbers in the current approval notice. If proposing deletion of a condition, write 'DELETE' in the proposed column and provide justification in Part 3. If proposing a new condition, write 'NEW' in the condition number column.			
[Insert current Condition Number]	[Insert current approved condition text]	[Insert proposed varied condition text]	[Explain the reason for seeking this variation, how it will continue to achieve the environmental outcome, and why it is appropriate]

Section 4 - Supporting Documents

List all supporting documents attached to this application. Documents may include: technical reports; updated environmental risk assessments; updated mapping or geospatial files; stakeholder engagement records; scientific data; legal advice; or any other material relevant to the variation sought.
