

V83: Northern Territory recognised engineering signatories

Information Bulletin

The following engineering signatories have experience in automotive design and standards and have indicated that they are available for consultation.

They are familiar with vehicle construction/modification requirements in the Northern Territory (NT) and, for a fee, may provide advice to owners and vehicle constructors/modifiers, undertake technical assessments and issue engineering certificates for vehicle modifications.

Interstate recognition

The NT will generally recognise (for assessment) certification that is provided by an interstate engineering signatory, provided that signatory is already recognised or approved in their home state or territory by the relevant motor vehicle registration authority at the time the subject certification is issued. Certification may not be mutually recognised where there are inconsistencies with NT legislation or NT vehicle standards requirements.

Availability of specific vehicle certification services are subject to consultation and confirmation with the signatory.

Company name	Location	Contact details
Omega Operations	Unit 6 / 10 Aristos Place Winnellie NT 0820 Darwin	Daly Kelly (MIE Aust, CPEng) Phone: 0407 101 089 daly.kelly@omegaconsultants.com.au https://www.omegavehicles.com/
