

Water use (beneficial use)

Water Regulation 15

Form s60R Part B

This is an approved form in accordance with Water Regulation 3(2).

Important information

This form is only to be used to provide additional information when an application to renew a licence to take water from a bore (Form s60R) indicates there will be (or has been a change) in how the water is used under a licence (i.e. a change to the beneficial use).

1. Licence details	
Licence number:	
Expiry date:	

2. Beneficial use	
Identify the beneficial use the water will be used for under a renewed licence and enter maximum annual volume required for the beneficial use.	
Use type	Maximum water use (ML/year)
Agriculture (to provide irrigation water for primary production included related research e.g. horticulture, feedlots and other intensively raised stock) <input type="checkbox"/>	
Aquaculture (to provide water for commercial production of aquatic animals and related research e.g. fish, prawn and crocodile farms) <input type="checkbox"/>	
Public water supply (to provide water for drinking purposes delivered through community water supply systems) <input type="checkbox"/>	
Environment (to provide water to maintain the health of aquatic ecosystems) <input type="checkbox"/>	
Cultural (to provide water to meet aesthetic, recreational and cultural needs) <input type="checkbox"/>	
Industry (to provide water for industry, including secondary industry and for other industry uses not referred to elsewhere in this section.) <input type="checkbox"/>	
Mining activity <input type="checkbox"/>	
Petroleum activity <input type="checkbox"/>	

3. Water use details

Complete the water use requirements in the following sections relevant to your application.

Agriculture
 * Specify crop irrigation area (ha) for each type of delivery system

Crop type	Number of rotations	Drip/Tape *	Micro spray *	Overhead spray *	Centre pivot/ Lateral move *	Other *

Aquaculture

Water type	Pond volume (ML)	Pond area (hectares)	Maximum ML/month	Maximum ML/year
Saline water				
Fresh water				

Public water supply

Town/Area	Current population	Population in five years	Population in 10 years

Environment

Describe how and where water is used to maintain the health of aquatic ecosystem:

Cultural

Describe how water is used (for irrigation purposes describe the types of plantings and irrigation methods, attach a plan that shows irrigated areas):

Industry	
Type of industry:	
Describe how water is used and/or attach a plan describing water use and the management for the industrial activity:	
Mining activity	
Type of mining activity:	
Attach a copy of the relevant plan describing water use and management for the mining activity and a copy the relevant approval for the mining activity.	
Petroleum activity	
Type of petroleum activity:	
Attach a copy of the relevant plan describing water use and management for the petroleum activity and a copy the relevant approval for the petroleum activity.	

5. Declaration

The declaration must be signed by a person with legal authority. For a licence to be granted in the name of each person in a partnership or a joint interest, each partner or joint interest must sign the declaration.

I hereby declare that the information provided in this notification and accompanying document is to the best of my knowledge, true and correct.
