

Coastal Notice to mariners

Water Quality Monitoring Buys – Gove Harbour

To Coastal Navigators	Location Gove
Date 02 February 2023	Ref number NtM 2023 / 007 P

Notification

Coastal Navigators are advised water quality monitoring buoys are to be installed at Drimmie Arm and No Name Bay, in Gove Harbour.

These deployments are intended to remain in place for a duration of 5 years, with servicing, maintenance and inspections conducted quarterly.

The surface buoys will consist of modified (yellow) Sealite SL-B1250 buoys with 2-3NM yellow lanterns – deployed in 1-2m depth at LAT.

Location	Latitude	Longitude	Depth (LAT)
Drimmie Arm	12°12 59.2 S	136°43 05.5 E	Approx. 2 m
No Name Bay	12°13 48.0 S	136°44 17.5 E	Approx. 2 m
