

Local Notice to Mariners

Water Quality Monitoring Equipment Installation - Darwin Harbour

To	Port Users	Location	Darwin Harbour
Date	17 November 2023	Ref number	2023 / 079 (T)

Notification

Port Users are advised that KBR are re-installing Water Quality Monitoring Equipment in three previously utilised locations in Darwin Harbour, on Tuesday 21st and Wednesday 22nd November 2023.

The equipment is mounted on metal frames in the following locations and depths:

WQ 3 – 7m at LAT. Position: Lat. 12° 28.115 S. Long. 130° 49.472 E.

WQ 4 – 18m at LAT. Position: Lat. 12° 26.971 S. Long. 130° 48.635 E.

WQ 1 - 1m at LAT. Position: Lat. 12° 26.717 S. Long. 130° 49.173 E.

Mariners should be aware that due to the WQ 1 equipment being close to the surface the equipment in this location will be identified by yellow marker buoy, with yellow light sequence of Fl. ev. 2s

Capt. Anil Chadha

Regional Harbourmaster
