

Local Notice to Mariners

Wet Storage of Submerged Dredge Pipeline

To Local Port Users	Location NE of the Marine Supply Base
Date 23 January 2025	Ref number: Local NtM 2025 - 004

Notification

Port users are advised that temporary wet storage of a 200m dredge pipeline will be undertaken within the area indicated on the attached layout plan to the Northeast of the Marine Supply Base, clear of the deep-water channel, centred on position 12° 29.43 S. 130° 53.49 E.

The lengths of pipeline will be lit by three Yellow Marker buoys displaying yellow flashing lights.

Commencing around the 23 January 2025, the storage duration may be up to 3 months.
