

Regulated activity modification notice

PER r22

Approved form – Petroleum (Environment) Regulations 2016

This is the approved form for the purposes of regulation 22(2A)(a) of the [Petroleum \(Environment\) Regulations 2016](#)¹ (Environment Regulations).

Use this form to notify the Minister for Lands, Planning and Environment (Environment Minister) of a proposed modification to a regulated activity under a current approved Environment Management Plan (EMP), where the modification will not require a revision of the EMP. This notice must be given to the Environment Minister before the interest holder modifies the regulated activity.

On receiving this notice of the proposed modifications, the Environment Minister may require a review of an environmental security under section 117AS of the [Petroleum Act 1984](#)².

Failure to comply with regulation 22(2) is an offence of strict liability with maximum penalty of 100 penalty units as per subregulations 22(3)–(4)).

This application form will not be considered complete and accepted unless all the information required by this form is provided.

Section 1: Interest Holder Details			
Interest Holder (company/name)	Full legal name of the registered interest holder as it appears on the petroleum interest	ABN / ACN	Australian Business Number or Australian Company Number
Petroleum Interest(s)	Unique identifier of the relevant petroleum interest(s).	Contact Name	Full name of the authorised contact for this application
Phone Number		Email Address	
Section 2 - EMP Identification			
Provide details of the current approved EMP to which this application relates.			
EMP Title	Full title of the current approved Environment Management Plan	Unique EMP ID	Issued by Department – e.g. CTP7-5
Date of EMP Approval	DD / MM / YYYY	Modification No	Sequential modification number for this EMP – e.g. Mod No. 2

² <https://legislation.nt.gov.au/en/Legislation/PETROLEUM-ACT-1984>

Regulated activity modification details

Section 3- Brief description of proposed regulated activity modification

Does the proposed modification remain within the scope of the regulated activity approved under the EMP?

Yes / No

Does the modification relate to a chemical approved under the EMP?
Please refer to section 6 for supporting evidence

Yes / No

Brief description of the proposed modification, including what is changing, the justification, any change in disturbance footprint/dimensions, and any net environmental benefit.

Section 4- Table of proposed regulated activity modifications - regulation 22 (2A) (c) (ii)
Complete the table below for each modification proposed. Where more than one modification is being assessed, add additional rows.

Modification Title	Description of Modification	Intended Date of Effect	Does this result in a new, or increased, potential or actual environmental impact or risk?	Does this require additional mitigation measures to be included?	Has additional stakeholder engagement been conducted?	Does it require additional environmental performance standards and measurement criteria?	Does it affect compliance with Aboriginal Areas Protection Authority (AAPA) Certificates?	Does it affect any current supplementary management plans (SUPPS)?	Will environmental outcomes continue to be achieved, and risk managed to ALARP & acceptable levels?
Insert title of this modification, e.g. 'WM29 well site relocation and sump extension'	[Brief description of what is changing]	DD / MM / YYYY	[Yes / No – with explanation]	[Yes / No / N/A – with explanation]	[Yes / No – with explanation]	[Yes / No – with explanation]	[Yes / No – with explanation]	{Yes / No – with explanation]	Yes / No – with explanation]

Section 5- Current EMP Text and Amended EMP text
List all sections of the approved EMP that require updating as a result of this modification. Insert the current approved text in the left column and the proposed amended text in the right column. Attach updated figures and maps as required. Where only a figure or map is updated (no text change), note the figure reference and indicate 'See Attachment [X] in Section 5'

Current EMP Text	Amended EMP Text
Section/Table Reference: [e.g. Description of Activity] [Insert current approved text here]	Section/Table Reference: [e.g. Description of Activity] [Insert proposed amended text here]
[e.g. Table 2: Location and disturbance summary of infrastructure]	[e.g. Updated Table 2: Location and disturbance summary of infrastructure]

Attachments

Section 6- Supporting attachments

Must include at a minimum a consolidated version of the EMP with all proposed modifications included (regulation 22 (2A) (c) (i)). Must also list all other attachments included with this notice. Number attachments sequentially and reference each in Section 4. Attachments should include updated figures and maps, updated geospatial files (shapefiles); updated technical drawings; supporting risk assessments or technical reports; and any stakeholder engagement records (e.g. CLC/AAPA approval correspondence) and updated management plans.

Where a modification to a chemical approved under an EMP is proposed, provide the completed Chemical Risk Assessment – Independent Expert Review Checklist form and supporting documentation.

No	Attachment Title / Description	Figure / Table Ref in EMP	Format
1	e.g. Consolidated EMP Included (Mandatory)	e.g. Fig 2 / Table 7	PDF / SHP/KMZ/KML / DWG
2	e.g. Chemical Risk Assessment – Independent Expert Review Checklist	N/A	PDF / SHP/KMZ/KML / DWG
3			

Privacy

Information on this form is being collected for the purpose of aiding an interest holder of a current EMP in informing the Environment Minister of proposed changes to a regulated activity to which the plan relates in a manner that will not require revision of the plan.

Certain EMPs must be published, and publication may include information you provide in this form.³

If you have any questions about how your personal information will be handled or would like to gain access to your personal information, you can contact the Petroleum Regulation Unit within the Environment Regulation Division in the Department of Lands, Planning and Environment (the Department). For more information, read our privacy policy.⁴

Section 7- Declaration - regulation 22 (2A) (b)			
I declare that I am authorised to act on the Interest Holder's behalf in relation to the Petroleum Interest(s) specified in Section 1. I declare that the information contained in this notice is true and not misleading. I declare that the proposed modification of the regulated activity will not increase the environmental impact or the environmental risk of the activity. I understand that it is an offence under the Environment Regulations for a person to carry out a regulated activity that results in a new environmental impact or environmental risk, or an increase in an existing environmental impact or environmental risk results from the activity, for which the circumstances of either are not provided for in the EMP. I understand that providing misleading information, or making false representations are offences as per section 107 and section 108 of the Petroleum Act 1984.
