**NORTHERN TERRITORY OF AUSTRALIA**

***Planning Act*  
Section 29**

**Reasons for Decision**

**NORTHERN TERRITORY PLANNING SCHEME AMENDMENT**

**AMENDMENT No. 338**

The amendment will facilitate the development of the site for small lot residential development for both single dwellings and multiple dwellings.

The site is considered suitable to support the dwelling density envisaged under Zone SU (Specific Use) provisions.

The range of land uses allowed for under Zone SU (Specific Use) emphasise that any subsequent development/use of the site will continue to be for residential purposes.

The amendment will allow infill development for single and multiple dwellings and will provide the potential for greater housing choice and type in Alice Springs. Residential development of this site would be consistent with several other developments within Alice Springs.

The amendment is considered to be consistent with the strategic direction provided by the Northern Territory Planning Scheme, in particular the Planning Principles for Alice Springs which supports maximising options for urban infill where appropriate.

Amendment No. 338 rezones part of Lot 7593 (70) Palm Circuit, Alice Springs to Zone SU (Specific Use).
