The Tender must state:

- a) the Tenderer's CAL Registration Number on the Tender Form; and
- b) the CAL Registration Numbers of all proposed sub-contractors on the Schedule of Proposed Sub-contractors.

CONDITIONS OF TENDERING

If, at the time of submitting its Tender, the Tenderer has an existing CAL accreditation in an applicable CAL category or sub-category, but requires an upgrade of the rating in that category or sub-category in order to tender for the works set out in the RFT, the Tenderer has 14 calendar days from the closing time and date set out in the RFT to:

For the avoidance of doubt, where the Tenderer intends to obtain an upgrade of the rating of its existing CAL accreditation, it is still required to submit its Tender by the closing time and date specified in the RFT.

Nothing in this clause allows a Tenderer to obtain CAL accreditation in a new CAL category or sub-category in relation to the works tendered for after the closing date and time.

Any Tender not complying with the requirements of this clause may be invalid and set aside. The Procurement Review Board shall be the sole arbiter of any Tender set aside under the provisions of this clause.

The Proposal shall include, but need not be limited to, the numbers of, and approximate dates of each type of check to be undertaken by the Consultant.

If required, any Tender in which the Performance Plan Proposal is not provided may be considered as informal and rejected.

Tenderers may submit alternative tenders where the RFT states that alternative tenders are allowed. Where the RFT specifies that an alternative tender must be accompanied by a conforming tender, a conforming tender must be submitted with the alternative tender.

Alternative Tenders must be clearly identified as an "Alternative Tender".

Tenderers are encouraged to offer options or solutions, which may (for example in a novel or innovative way), contribute to Principal's ability to carry out its business in a more cost-effective manner. These may be related to the outputs; or functional, performance and technical aspects of the requirement.

Where a Tenderer submits an offer which meets the requirements in an alternative and practical manner, it shall include any supplementary material, together with associated prices, which demonstrates in detail that such an alternative will fully achieve and/or exceed all the specified requirements, together with references as to why the additional features may be advantageous.

1.8 CHANGE TO THE CONDITIONS OF CONTRACT

Tenderers may request changes to the Conditions of Contract applicable to this Request for Tender (RFT), or propose alternative Conditions of Contract only if the RFT states that this is allowed.

Where Tenderers request changes to the Conditions of Contract or propose alternative Conditions, they must clearly specify in the Tender Response Schedules that changes to the Conditions are being requested or that alternative Conditions are being proposed.

Where Tenderers request changes to the Conditions of Contract or propose alternative Conditions of contract, they do so at their own risk, as the changes will be deemed to have formed part of their offer and their Tender will be assessed on that basis. If the requested changes or the alternative Conditions included in a Tender are not acceptable to the Principal, the Tender will not be successful.

If the RFT states that the changes to the Conditions of Contract or alternative Conditions are not allowed, then Tenderers may not request changes to the Condition of Contract applicable to this RFT, or propose alternative Conditions of contract. If a Tenderer does so, their Tender will be deemed non-conforming and will not be considered.

This clause does not allow Tenderers to request changes or propose alternatives to the Conditions of Tendering applicable to this RFT. Any Tenderer who attempts to do so will have their Tender deemed non-conforming and set aside.

Nothing in this clause affects the Principal's right to negotiate with one or more tenderers as provided for in this RFT.

All prices shall be stated in Australian dollars. Unless indicated otherwise prices shall allow for labour, materials, transport, freight, overheads, profits and all other costs.

Any Schedule of Prices/Rates, which is included in the RFT shall be completed and lodged with the Tender. Pricing shall be submitted for each item in the Schedule. Any Tender in which the Schedule is not fully completed may be regarded as informal and rejected.

1.11 PART OFFER AND PART ACCEPTANCE

Unless otherwise provided in the Annexure the Tenderer shall offer for the whole of the work under the Contract.

Where part offers are allowed, the Principal reserves the right to accept a portion or the whole of any Tender at the price or prices tendered unless the Tenderer specifically states to the contrary in its offer.

2.4 FEES AND PAYMENT

2.4.1 Payment

For the purposes of this clause, "Tax Invoice" has the meaning given in *A New Tax System (Goods and Services Tax) Act*.

The fee payable by the Principal to the Consultant for the provision of work under the Contract shall be calculated on a percentage, lump sum, or time charge basis or a combination of these, as specified in the Annexure.

Unless otherwise agreed, the Principal shall pay the fee payable to the Consultant under the Contract progressively.

The Consultant shall submit to the Principal during the Contract a claim for a progressive payment of the fee - "Progress Claim". The claim shall be in the form of a Tax invoice and shall include not less than the following details:

- (a) Work under the Contract performed by the Consultant during the period to which the claim relates (the Claim Period).

- (f) The Consultant shall notify the Principal of any matters which have arisen to the date of the claim which may affect the total fees payable under this Clause and, where practical provide an estimate of the amount thereof.

Within thirty (30) days of the date of receipt by the Principal of a Progress Claim, the Principal shall assess the claim and pay to the Consultant all amounts claimed by the Consultant that are, in the opinion of the Principal, properly due and payable to the Consultant under the Contract. The Consultant shall provide any further details in regard to the work upon request by the Principal.

The Principal may at any time after receipt of a Progress Claim and shall with the payment to the Consultant under this Clause, inform the Consultant of the reason for any difference between the Progress Claim and the sum which the Principal considers to be properly due and payable under the Contract for work under the Contract provided by the Consultant during the relevant Claim Period. The Principal reserves the right to recover any overpayment.

The making of a payment by the Principal under this clause shall not constitute an admission by the Principal that any work under the Contract, provided by the Consultant, conforms to the requirements of the Contract.

The Consultant's claim will include details of any Adjustments under clause titled "Goods and Services Tax" of the Conditions of Contract and an explanation as to how such adjustments were calculated and details of any GST which the Consultant regards as payable on the contract value.

Unless otherwise provided for in the Contract, the fee and associated disbursements and expenses shall constitute the Consultant's sole remuneration for work under the Contract and shall be deemed to include familiarisation and compliance with all the requirements, standards, procedures and instructions of the Principal.

Failure by the Principal to pay the amount by the due date:

- (a) will not be grounds to vitiate or avoid the contract; and

Interest penalties must be claimed within ninety (90) days of the date the late payment was made by the Principal and the claim must be in the form of a tax invoice. Interest penalties are to be calculated daily, for the period after the due date until the date payment is made by the Principal, at the ninety (90) day bank bill rate published on 1 June each year. Where an interest penalty period spans 1 June, the rate shall be the rate published in the year the original invoice was issued.

The Principal will not be liable for interest penalties on any payments in respect of interest penalties.

2.4.2 Percentage Fee

Where the fee is payable on a percentage basis, work under the Contract shall be carried out in stages and with the respective fee percentages applying to each stage as stated in the Contract.

The fee applying to each pre-construction stage shall be calculated at the conclusion of each stage, by applying the applicable fee percentage to the current estimated tender price relative to work under the Contract. For the purpose of fee calculation, the estimated tender price shall exclude locality loadings and allowances made for cost adjustments during the construction period, provisional sums and other costs of works for which the Consultant has not provided a design or documentation service.

The fee applying to the construction stage shall be calculated at the conclusion of construction by applying the applicable fee percentage to the final contract value relative to work under the Contract. For the purpose of fee calculation, the final contract value shall include payments made for cost adjustments, the value of approved contract variations and the final contract value of provisional sums on which the Consultant has provided a contract administration service. It shall exclude any locality loading and payments made for prolongation and delay costs.

However, if the Consultant has been required to provide additional services or has incurred additional costs due to prolongation or delay of the project, the Consultant is entitled to additional payments on a cost recovery basis. In such a case the Consultant shall submit a detailed claim for the Principal's consideration.

2.4.3 Lump Sum Fee

Where the fee is payable on a lump sum basis, the fee shall be the lump sum stated in the Contract and shall not be adjusted except as provided for in the clause titled "Variations".

2.4.4 Time Charge Fee
