

## Sport Voucher

# Activity Provider Fact Sheet

The Urban Sport Voucher model provides families with access to two \$100 sport vouchers each year to assist with the costs of getting children involved in after school and weekend sport, active recreation and cultural activities. One voucher is available in January and another in July.

Parents or carers apply for vouchers online each semester through their GrantsNT profile. To support families who are unable to access the online service, we encourage registered activity providers to help these families by assisting them access GrantsNT and apply for their voucher(s) online.
