EXCEPTIONAL DEVELOPMENT PERMIT

EDP2026/0007

SCHEDULE OF CONDITIONS

CONDITIONS PRECEDENT

1. Prior to the endorsement of plans and prior to commencement of works, amended plans must be submitted to and approved by Development Assessment Services - Department of Lands, Planning and Environment. When approved, the plans will be endorsed and will then form part of the permit. The plans must be drawn to scale with dimensions and must be generally in accordance with the plans submitted with the application but modified to show:
 - a. Amended landscaping plan which details plant types suitable for arid Central Australian conditions. The development is directed to review the Species Guide for Landscaping in the NT Planning Scheme.
 - b. Amended plans that show the proposed surface treatments of all private and open areas i.e. gravel, concrete woodchip paving etc.

GENERAL CONDITIONS

2. The works carried out under this permit shall be in accordance with the drawings endorsed as forming part of this permit.
3. Stormwater is to be collected and discharged into the drainage network to the technical standards of and at no cost to Alice Springs Town Council, to the satisfaction of the Minister.
4. The kerb crossovers and driveways to the site approved by this permit are to meet the technical standards of Alice Springs Town Council, to the satisfaction of the Minister.
5. The landscaping shown on the endorsed plans must be maintained to the satisfaction of the consent authority, including that any dead, diseased or damaged plants are to be replaced.
6. No fence, hedge, tree or other obstruction exceeding a height of 0.6m is to be planted or erected so that it would obscure sight lines at the junction of the driveway and the public street, in accordance with the requirements of Alice Springs Town Council to the satisfaction of the Minister.
7. All air conditioning condensers (including any condenser units required to be added or replaced in the future) are to be appropriately screened from public view, located so as to minimise thermal and acoustic impacts to neighbouring properties and condensate disposed of to ground level in a controlled manner to the satisfaction of the Minister.
8. Before the occupation of the development starts, the landscaping works shown on the endorsed plans must be carried out and completed to the satisfaction of the Minister.
9. Any developments on or adjacent to any easements on site shall be carried out to the requirements of the relevant service authority to the satisfaction of the Minister.

10. All existing and proposed easements and sites for existing and required utility services must be vested in the relevant authority for which the easement or site is to be created.
11. Confirmation shall be provided to Development Assessment Services (in the form of an email addressed to the Power and Water Corporation) from a suitable qualified professional confirming that all new number labels have been correctly installed at the Customer's Metering Panel(s) and water meters (where applicable). Please provide a copy to both waterdevelopment@powerwater.com.au and powerconnections@powerwater.com.au.
12. Prior to the occupation of the development and connection of services (i.e. power and water), the owner of the land must apply for street addressing from the Surveyor-General of the Northern Territory. This will form the legal address and will be required to be placed on the meters within the development in accordance with the allocation. An Occupancy Permit will not be able to be granted until such time as addressing is obtained.
13. The owner of the land must enter into agreements with the relevant authorities for the provision of water supply, sewerage and electricity to the development shown on the endorsed plan in accordance with the authorities' requirements and relevant legislation at the time. Please refer to note 1 for further information.

Notes

1. The Power and Water Corporation advises that the Water and Sewer Services Development Section (waterdevelopment@powerwater.com.au) and Power Network Engineering Section (powerdevelopment@powerwater.com.au) should be contacted via email a minimum of 1 month prior to construction works commencing in order to determine the Corporation's servicing requirements, and the need for upgrading of on-site and/or surrounding infrastructure.
