Reasons for Decision

NORTHERN TERRITORY PLANNING SCHEME
AMENDMENT No. 320

I have approved an amendment to the NT Planning Scheme as detailed below.

PRELIMINARY CLAUSES

- Revision of clause 2.7 (Reference to Policy) to clarify the consent authority must have regard to a relevant Area Plan and associated planning principles.
- Revision of clause 5.2 (Zone MD – Multiple Dwelling Residential) to amend the primary purpose to clarify that single dwellings are part of Zone MD, and that site design and street infrastructure should be considered.

SUBDIVISION

- Revision of clause 11.1.1 (Minimum Lot Sizes and Requirements) to reduce the minimum lot size in Zone MD from 800 m² to 300 m² and to remove the consent authority’s discretion to vary this minimum.
- Revision of clause 11.2.3 (Lot Size and Configuration in Residential Subdivisions) to include lots between 300m² and 600m² and set the minimum envelope size for this range of lot sizes as 7m x 15m.
- Introduction of clause 11.2.4 (Lots less than 600m² for Single Dwellings in Zone MD) to provide guidance at the subdivision stage for lots less than 600m².

DEVELOPMENT OF SINGLE DWELLINGS

- Introduction of clause 6.5.4 (Vehicle Access and On-site Parking for Single Dwellings on Lots less than 600 m² in Zone MD) to limit the width of on-site parking and vehicle access where the street frontage is 13m or less.
- Introduction of clause 7.3.3 (Side Setbacks for Single Dwellings on Lots less than 600m² in Zone MD) to allow dwellings on lots less than 600m² to have a zero building setback to one side boundary.
I believe these changes are necessary as they:

- provide a framework that responds to market demands for smaller, more affordable lots that are close to employment and community facilities;
- enable single dwelling lots from a minimum of 300m$^2$ in Zone MD (Multiple Dwelling Residential) on discrete freehold titles; and
- increase flexibility and efficiency in the delivery of a range of lot sizes.
