and is valid while ever the vehicle, machinery and/or equipment remains clean as per the definition below.

Definitions

Clean means that no soil and/or organic matter that may contain weed reproductive material is on vehicles, machinery or equipment.

- A vehicle is considered to remain clean if it leaves its point of origin clean and only travels on sealed roads or well-maintained unsealed roads.

Weed reproductive material means any part of the plant that is capable of producing another plant by sexual or asexual reproduction. This includes seeds, bulbs, rhizomes, tubers, stem or leaf cuttings and the whole plant.

Well-maintained unsealed road means roads that do not have vegetation growing on or encroaching onto the area occupied by traffic.
