BUILDING NOTE

Contact Officer: Serry Alberty

Edition Number: 28 - 1/7/1999

AS2047 BUILDING WINDOW & DOOR CERTIFICATION

Amendment 5 to the Building Code of Australia (BCA96) was adopted in the Northern Territory on 1 July 1999.

Amendment 5 includes a requirement for windows and doors in buildings to comply with Australian Standard AS2047 - Windows in Buildings - Selection and Installation.

The referencing of this standard in the BCA has necessitated a review with industry of existing local requirements and has resulted in the following revised requirements and procedures relating to windows and doors.

Building Notes and Deemed To Comply Sheets

As of the 1st of July 1999 this Building Note supersedes

1. Building Note Edition Number 8-08/94 issued on August 1994 titled AS1288 - REGLAZING OF EXISTING WINDOWS OPENINGS. Building Note Number 8-08/94 will no longer be applicable for works commenced after 1 July 1999.
2. Building Note Edition Number 13-9/95 issued on 25 September 1995 titled STANDARD FORMAT FOR GLAZING CERTIFICATION. Building Note Number 13-9/95 will no longer be applicable for Building Permit approvals dated after 1 July 1999.
3. NT Deemed To Comply Manual sheets M/216/1 (Glass Louvre Blade Length), M/216/2 (Glass Louvre Blade Length) and M/216/3 (Window & Glass Door Systems Designed to AS4055 - 1992) will no longer be applicable and are to be removed.
