Notifiable Diseases Act 1981

Declaration and Notification of Notifiable Disease: Monkeypox Virus Infection

I, Natasha Kate Fyles, Minister for Health:

- (a) under section 6 of the *Notifiable Diseases Act 1981*, declare monkeypox virus infection to be a notifiable disease for the purpose of the Act; and
- (b) under section 8(1) of the Act, specify that, in relation to monkeypox virus infection:
 - (i) the information in Schedule 1 is the information to be given (if known), the Chief Health Officer (the **CHO**) is the medical officer to whom the information is to be given and the manner of giving the information is urgently by phone; and
 - (ii) the information in Schedule 2 is the information to be given (if known), the CHO is the medical officer to whom the information is to be given if the CHO requests the information and the manner of giving the information is the manner specified by the CHO in the request; and

- (c) under section 16(1) of the Act, specify that, in relation to monkeypox virus infection, the information in Schedule 3 is the information to be given to the CHO and the manner of giving the information is urgently by phone.

N. K. Fyles
Minister for Health

Dated 9 August 2022

Schedule 1

- Name of the infected person or suspect person
- The following contact details of the infected person or suspect person:
 - address;
 - phone number;
 - mobile phone number;
 - email address.
- Date of birth of the infected person or suspect person
- Gender of the infected person or suspect person
- Indigenous status of the infected person or suspect person
- Name and details of the disease
- Test(s) used to diagnose the disease and the result(s)
- Name, address and phone number of the medical practitioner giving the information
- Date of onset of the disease
- Date the specimen was taken
