The Contractor must provide any further details in regard to an invoice that are reasonably requested by the Superintendent.

For the purpose of this clause an invoice is valid if it:

Where a valid invoice is disputed by the Principal the payment period referred to in this clause commences in respect of the disputed portion when the dispute has been resolved.

Where the Contractor believes that it is entitled to claim interest on a late payment it must raise a separate invoice for the interest claimed showing all relevant details within ninety (90) days from receipt of payment of the amount in respect of which the interest is claimed. If the Contractor fails to submit a final statement within thirty (30) days after he has been directed to do so by the Superintendent, the Superintendent shall assess the value of all outstanding claims and the Contractor shall not be entitled to make any claims whatsoever on the Principal thereafter.

The payment of monies pursuant to this clause shall not be taken as evidence against or as an admission by the Principal that any work has been executed in accordance with the Contract or the value thereof, but shall be taken to be payment on account only.

Failure by the Principal to pay the amount by the due date:

- a) will not be grounds to vitiate or avoid the contract; and
- b) will entitle the Contractor to make a claim for interest penalties on the late payment.

The Principal will not be liable for interest penalties on any payments in respect of interest penalties under this clause 22.3.
