supervised treatment, of restricted livestock, means:

- (a) for restricted livestock, other than horses:
 - (i) full immersion of the livestock, under the supervision and with the approval of an authorised person, in a solution that:
 - (A) contains the chemical Amitraz; and
 - (B) is certified by an authorised person no earlier than 60 days before the immersion to be suitable for that purpose; and
 - (C) is applied to the livestock in accordance with the solution's manufacturer instructions; or
 - (ii) treatment of the livestock in accordance with the directions and under the supervision of an inspector; or
- (b) for horses:
 - (i) full immersion of the livestock, under the supervision and with the approval of an authorised person, in a solution that:
 - (A) contains the chemical Flumetherin; and
 - (B) is certified by an authorised person no earlier than 60 days before the immersion to be suitable for that purpose; and
 - (C) is applied to the livestock in accordance with the solution's manufacturer instructions; or
 - (ii) treatment of the livestock in accordance with the directions and under the supervision of an inspector.

2 Requirements for conducting a clean inspection or supervised treatment

An authorised person must not conduct a clean inspection of restricted livestock, or supervise a supervised treatment of restricted livestock, if the authorised person is:

- (a) the owner of the livestock being inspected or treated; or
- (b) the owner of the property at which the livestock is being inspected or treated.

3 Entry from affected place

The owner of restricted livestock who brings the livestock into the Territory from an affected place must ensure:

- (a) a clean inspection of the livestock has been completed within the pre-movement period, unless the Chief Inspector has directed otherwise; and
- (b) a supervised treatment of the livestock has been completed within the pre-movement period, unless the Chief Inspector has directed otherwise; and
- (c) the livestock are moved into the Territory within the entry period.

4 Entry from at-risk property

The owner of restricted livestock who brings the livestock into the Territory from an at-risk property must ensure:

- (a) a clean inspection of the livestock has been completed within the pre-movement period, unless the Chief Inspector has directed otherwise; and
- (b) the livestock are moved into the Territory within the entry period.

5 Movement from free area through affected place

If restricted livestock are moved from a free area through an affected place before being brought into the Territory, the owner of the livestock must ensure the livestock:

- (a) do not travel on the hoof through the affected place; and
- (b) are not unloaded in the affected place.
