For the purposes of this condition, **road** means an area that is used by the public and is developed for, or has as one of its main uses, the driving or riding of motor vehicles, and includes the shoulder of the road (within the meaning of Australian Road Rule 12(3)) but does not include a bicycle lane (within the meaning of Australian Road Rule 153(4)) marked on the road.

10. A person must not use or be permitted to use an electric scooter unless the electric scooter has a bell, horn or similar warning device in working order.
11. A person must not use or be permitted to use an electric scooter at night, or in hazardous weather conditions causing reduced visibility, unless the electric scooter, displays —
 - (a) a flashing or steady white light that is clearly visible for at least 200m from the front of the electric scooter; and
 - (b) a flashing or steady red light that is clearly visible for at least 200m from the rear of the electric scooter.
12. A person must not use or be permitted to use an electric scooter unless they have been made aware of and accepted the above conditions of use.
13. This exemption is granted for the purposes of a trial, arranged by the City of Darwin, of self-ride hire electric scooters, that can be geo-fenced to control their range and speeds. It does not authorise the use of privately owned electric scooters.

14. Neuron Mobility (Australia) Pty Ltd, as the trial operator selected by the City of Darwin, must maintain public liability insurance for at least \$20 million during the term of the trial.
15. This exemption shall be valid for a period of 6 months and may be extended for a further 6 months, and may be revoked at any time at the discretion of the Registrar of Motor Vehicles.
16. Neuron as the trial operator selected by the City of Darwin must maintain a record of all data associated with the trial as detailed in the operator agreement, and make that data available to the Registrar of Motor Vehicles.
