

NT beehive movement notification

In accordance with regulation 51C of the Livestock Regulations 2009

Complete this form when you move your own beehives from one property to another within Northern Territory (NT). You are required to notify the Bee Registrar of beehive movements within 7 days.

A full general health inspection and report of the hive/s, should be conducted prior to the movement of the hive/s via the NT Government website¹ and can be submitted with this notification.
