## NEW DESIGNATED FLOOD LEVELS FOR ALICE SPRINGS

This is to advise that on 11 December 2000 the Chairman of the NT Floodplain Management Committee declared revised flood maps for Alice Springs.

The new levels are effective immediately for the purposes of the *Northern Territory Building Act* Regulation 39 Requirements in Flood Prone Areas and apply to all new buildings and new extensions to buildings.

Detailed mapping and information is available from the front counter:

Department of Lands Planning and Environment  
21 Gregory Terrace  
Alice Springs

and

Building Advisory Services Branch  
Department of Lands Planning and Environment  
Ground Floor Cavenagh House  
Cnr of Cavenagh and Knuckey Streets Darwin
