

# Prohibited items

Some items are **not allowed** to be in the detention centre. These are called **prohibited items**.

Here is a list of the things that cannot be brought inside the centre:

## What you should do

Please leave these items in your car, or there are lockers available in the reception area for small personal items like car keys, phones, handbags etc.

If you attempt to give a prohibited item to a young person, you may have future visits refused.

If you provide something prohibited such as illegal substances, alcohol or cigarettes to a young person, the matter may be referred to police.
