

VIB23: Takata airbag safety recall

Vehicle Inspectors Bulletin

On 28 February 2018, the Australian Government announced a compulsory recall of vehicles with defective Takata airbags.

These airbags can mis-deploy causing death or serious injury.

The purpose of this bulletin is to provide assistance to resources that can offer current information of the status of the recall campaign.

Federal Chamber of Automotive Industries - <https://ismyairbagsafe.com.au> - input vehicle registration number

Australian Competition and Consumer Commission, Product Safety - <https://www.productsafety.gov.au/>

Vehicle manufacturer website – Vehicle search options available - input vehicle identification number
